

MOHAMED AMINE CHEMLOUL

Frontend Web Developer

chemloulmohamed511@gmail.com | +213 562 12 38 73 | [LinkedIn](#) | [GitHub](#)

Summary

Creative, detail-oriented Frontend Developer with 2+ years of experience building responsive, user-centric web applications. Proficient in **JavaScript (ES6+)**, **TypeScript**, **React.js**, and newer frameworks. Experienced in collaborating with cross-functional teams to bring design concepts to life, refine **UI/UX**, and improve performance. Dedicated to clean code, pixel-perfect interfaces, and continuous learning in an agile environment.

EXPERIENCE

- **Modern Weather App** : Developed a responsive and user-friendly weather application using **React.js**, integrating the OpenWeatherMap API to provide real-time weather data.
- **E-Commerce Web App** : Developed a modern, responsive e-commerce platform using **Vanilla Js**, showcasing a dynamic product catalog and a seamless shopping experience.
- **Admin Dashboard** : Created a responsive web application using **Vanilla Js** and that enables users to manage product listings efficiently
- **Interactive Website** : A responsive and visually engaging landing page . Built with **HTML**, **CSS**, and **JavaScript**, it includes interactive elements like theme customization and animated transitions to enhance user experience.
